

Longlands Primary School - Pupil premium strategy statement 2023/2024

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	230
Proportion (%) of pupil premium eligible pupils	27% (above NA 23.8%)
Academic year/years that our current pupil premium strategy plan covers	2023-2026
Date this statement was published	November 2023
Date on which it will be reviewed	October 2024
Statement authorised by	Ashleigh Calver
Pupil premium lead	Ashleigh Calver
Governor / Trustee lead	Nicola Adams

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£88,755
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	£8,953.75
Pupil premium funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£97708.75 EYPP = £334.80

Part A: Pupil premium strategy plan

Statement of intent

At Longlands Primary School we strive to achieve the best for every child in our care. We believe that all pupils should be given the opportunity to reach their potential and succeed regardless of their background or ability. We believe in excellence for all and that the highest possible standards can only be achieved by having the highest expectations of all learners. Some pupils from disadvantaged backgrounds require additional and bespoke support; we use pupil premium funding to provide equity of opportunity and to enable the children to build strong foundations for the future through our broad and balanced curriculum.

The focus of our pupil premium strategy is to narrow the existing attainment gap between disadvantaged and non-disadvantaged pupils, particularly within reading, writing and maths and to continue to support progress and provide challenge for those who are already high attaining. We consider each child as a unique individual and decide what additional provision should be made for them to reduce the attainment gap between the highest and lowest achieving pupils nationally.

Our pupil premium strategy is underpinned by the guidance from the Education Endowment Foundation for Pupil Premium.

<https://educationendowmentfoundation.org.uk/guidancefor-teachers/using-pupil-premium> We monitor the impact of support, resources and spending on a half termly basis, addressing challenges and implementation of successful outcomes over a sustained period of time.

To achieve these objectives the school is adopting the tiered approach recommended by the Education Endowment Foundation (EEF), which places the greatest focus on promoting high quality teaching, supported by academic interventions and wider non teaching strategies. Therefore, underpinning this plan is the development of high-quality teaching alongside other specific interventions based on identified needs. Other barriers to learning for disadvantaged children, can be less support at home, low language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”. A key element of our approach is to support and nurture pupils to ensure that they are ready to engage with their learning, displaying positive behaviours and attitudes to tasks. Both internal evaluations and academic literature highlights the need for high quality pastoral support and attendance intervention to meet the needs of our PP children. As such, some funding is directed to ensuring that high quality pastoral care is available to all students.

Our ultimate objectives are:

- To raise attainment of underachieving and vulnerable pupils in order to overcome gaps in learning and ensure that they make expected/accelerated progress
- To narrow the attainment gap between disadvantaged and non-disadvantaged pupils to ensure that all pupils develop basic skills in reading, writing and maths to best prepare them for future education.
- Focus on improving language and communication skills for all.
- Ensure disadvantaged pupils have access to a wide range of experiences, extra curricular opportunities in addition to a broad and balanced curriculum.
- Ensure disadvantaged pupils have attendance over 96% so they are able to access and make the most of the learning opportunities in school.

The key principles of our strategy:

- To promote an ethos high aspirations and attainment for all
- provide opportunities for all of our students to engage in their learning and to acquire the skills and knowledge they need for future success
- To use an individualised approach to address barriers
- To ensure high quality teaching
- To ensure all children to have access to an enriched quality curriculum
- To develop self-esteem and confidence of identified disadvantaged and vulnerable children
- To develop children's literacy skills, including oral language and communication strategies in early years, so that vocabulary knowledge, reading and writing outcomes are improved
- track the progress of disadvantaged pupils regularly, identify any barriers to learning and adjust provision where required
- Allocate resources, training for staff and support to address key priorities.

When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged. Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low levels on entry of PPG pupils particularly in communication, literacy and language.
2	A large majority of PPG pupils, have multiple needs i.e. are also EAL or SEN pupils.
3	A large number of PPG pupils exhibit social and emotional needs
4	There is a gap in attainment in reading and writing for PPG children, they are not performing as well as their non-disadvantaged peers.
5	Attendance for PPG pupils (93.8%) is slightly lower than non PPG pupils (94.3%).
6	Engaging families to participate in enrichment activities

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To raise attainment of underachieving and disadvantaged pupils in order to overcome gaps in learning and ensure that they make expected/accelerated progress	<p>Children's educational gaps in core subjects are identified and interventions or additional teaching are provided. These are discussed in PPM and pupils are making expected progress towards targets.</p> <p>Training provided where needed for additional adults in school to ensure effectively targeted support for underachieving and disadvantaged pupils.</p> <p>Additional teaching and learning opportunities provided by school led tuition.</p> <p>Special educational needs are identified quickly to allow for targeted support Children with SEN achieve expected progress from their individual starting points and work towards achieving age related expectations. M-scales are being used effectively to plan to meet pupils' needs. Specialist advice and resources to support children's learning.</p> <p>Number of pupils achieving ARE in year 6 SATs is above the national average. The gap in attainment between disadvantaged and non-disadvantaged pupils decreases to below 15%. Attainment across the school to be above 70% ARE.</p> <p>Attendance is closely monitored, with the target of 96%.</p>
High 'quality first teaching' for all.	Monitoring of teaching and learning shows that all children are receiving quality first teaching.

	<p>Planning will show how the curriculum is personalised for specific learners and the progress that they make.</p> <p>Staff CPD has a positive impact on the quality of teaching and learning.</p> <p>Dual needs SEND PPG pupils have improved access to high quality teaching and a more personalised provision/curriculum experience.</p>
<p>To develop self-esteem and confidence of identified vulnerable pupils - fostering positive peer and parent relationships and removing social and emotional barriers to learning.</p> <p>Pupils and families with identified social, emotional or health needs are well supported by school staff so that the needs are catered for or alleviated.</p>	<p>Children's learning is enriched. Funding is well spent subsidising the cost of planned trips, educational activities or extra-curricular activities throughout the year.</p> <p>Forest school provides small group support and pupils positively engage with this.</p> <p>PPG children receiving private SALT intervention are making noticeable progress.</p> <p>Pastoral Support is provided for children and families by school staff and CHEXs.</p> <p>Parents are actively involved in supporting their child's social, emotional and behaviour difficulties.</p> <p>Pupil and parent questionnaires show that parents and children of disadvantaged families feel supported and additional barriers removed where possible.</p>
<p>Pupils eligible for PPG are able to articulate their emotions and regulate their emotions.</p>	<p>There is clear evidence of their improved wellbeing. Pupils can express their feelings using emotion vocabulary and employ strategies for regulating their emotions underpinned by zones of regulation learning. A range of strategies to support their Social, Emotional and Mental Health (SEMH). School is a place they feel supported and safe.</p> <p>Pupil voice (Autumn 2023) will report that PP children are happy and safe in school.</p>
<p>Children's literacy, including oral language and communication strategies in early years, will be developed so that vocabulary knowledge, spelling and writing outcomes are improved.</p>	<p>Planned staff CPD on language development and literacy has increased confidence in this area.</p> <p>Professional expertise have been engaged with: HFL TLA support, private SALT, Terrific Talkers programme, EY covid catch-up.</p> <p>Keyword aware strategies used to promote vocabulary acquisition across all year groups.</p> <p>Children achieve early learning goals in communication and language at the end of Reception. Percentage of children is in line with the school's non-PPG pupils, which in turn is at least in line with the national average.</p> <p>Children are confident to talk to others and share their ideas.</p>

	<p>Children listen to and read a wide range of quality texts to enhance vocabulary acquisition Children’s writing shows evidence of good vocabulary.</p>
<p>To support disadvantaged readers to develop early reading skills and read regularly by having access to high quality texts both in school and at home.</p>	<p>The Little Wandle Phonics scheme to teach early reading is embedded. Keep up and catch up sessions in place for all who need them. As a result, pupils make good progress with their reading. 90% of pupils, who can access the phonics screening test in Y1, pass. Support is in place for identified children that do not pass the phonics screening.</p> <p>Books are carefully matched to children’s abilities, pupils take a matched reading book home each day.</p> <p>Little Wandle fluency books used to further reading with children who can confidently decode, to promote fluent reading.</p> <p>All pupils develop a love of reading. Where it is known that pupils do not read at home they benefit from individual reading in school.</p> <p>The reading curriculum is carefully mapped so that it mirrors pupil’s experiences but also is a window to the wider world.</p>
<p>Funding places for PP children in extra-curricular clubs and activities and trips, providing necessary equipment such as PE kits.</p>	<p>PP children have the opportunity to access activities that help develop the ‘whole child’ and put them on an equal footing with non-PP children.</p> <p>Children participate in curriculum enrichment activities that are on offer.</p> <p>Extra-curricular opportunities to enrich learning and support home/school partnership.</p> <p>100% of PPG children have an opportunity to participate in extracurricular activities.</p>
<p>Raise attendance of disadvantaged pupils so that it is inline or above non-disadvantaged pupils.</p>	<p>Attendance of PP Pupils is 96% or above. If it is not, a clear action plan and support is in place and attendance trends increase over time.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £45,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Ongoing CPD to increase the quality of teaching and learning	<p>EEF guide to pupil premium – tiered approach – high quality teaching. The EEF document states that good quality teaching helps every child.</p> <p>Ensure all staff have up to date training in phonics and teaching is consistently good. Phonics has a positive impact overall (EEF +5) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds: Phonics EEF (educationendowmentfoundation.org.uk)</p> <p>Subject co-ordinators to monitor the teaching and learning of their subject and provide, or signpost appropriate CPD and support when needed.</p> <p>CPD around the development of C&L, within EYFS (terrific talkers) and for SEND pupils in years 1-6. EEF (+7) Communication and language approaches EEF (educationendowmentfoundation.org.uk)</p>	2, 4
Provision for dual needs SEND PPG pupils ensuring they have improved access to high quality teaching and a more personalised provision/curriculum experience	<p>Tailor and targeted interventions and training through a high quality CPD program using research from the EEF</p> <p>Individualised instruction can be an effective approach to increasing pupil attainment (EEF +4) Individualised instruction EEF (educationendowmentfoundation.org.uk)</p>	2,3
Approaches that prioritise the development of	Communication and language approaches typically have a very high impact. Intentionally acting to develop young children’s understanding of language and their ability and confidence to	1

<p>communication and language skills.</p> <p>Vocabulary rich environment created.</p>	<p>use language, and other strategies, to communicate effectively. EEF (+7)</p> <p>Communication and language approaches EEF (educationendowmentfoundation.org.uk)</p> <p>Pupils are exposed to regular rhymes, singing, books and discussion to acquire new vocabulary. Teaching and modelling vocabulary and language. Vocabulary is a focus at the beginning of each new unit of work across subjects and pupils are exposed to subject specific vocabulary. Speech and language therapy plans in place for children that require it. Vocabulary rich environment Specific intervention and resources that support and promote vocabulary development and retention EEF (+5) – oral language interventions consistently show positive impact on learning. Oral language interventions EEF (educationendowmentfoundation.org.uk)</p>	
<p>Enhanced pupil teacher ratio for English and Maths teaching in Year 6 to prioritise key aspects of learning.</p>	<p>Tuition targeted at pupils’ specific needs and knowledge gaps is an effective method to support low attaining pupils or those falling behind, One to one tuition and small group tuition are both effective interventions. However, the cost effectiveness of teaching in small groups indicates that greater use of this approach may be worthwhile. EEF (+4) Small group tuition EEF (educationendowmentfoundation.org.uk)</p> <p>We have used a small group target teaching approach in year 6 for several years with successful outcomes.</p>	4
<p>Reviewing reading resources.</p> <p>Purchase of high quality texts to support reading development.</p>	<p>This update carefully considers the transition from developing early reading skills to fluent readers in guided reading, strengthening teacher knowledge and practice. Focus on exposure to rich language to develop understanding and reading comprehension. Reading comprehension strategies have a high impact on average (+6 months). Alongside phonics it is a crucial component of early reading instruction. It is important to identify the appropriate level of text difficulty, to provide appropriate context to practise the skills, desire to engage with the text and enough challenge to improve reading comprehension. (EEF +6)</p> <p>Reading comprehension strategies EEF (educationendowmentfoundation.org.uk)</p>	1,4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 28,084

Little Wandle (£1000), Intervention TAs (£23,780) SALT (£2400), Music therapy (£904)

Activity	Evidence that supports this approach	Challenge number(s) addressed
Little wandle phonics scheme.	Phonics has a positive impact overall (EEF +5) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds: Phonics EEF (educationendowmentfoundation.org.uk)	4
Catch up teacher one to one and small group tutoring focused on Y6 and the year groups where attainment is lowest (Y3 and Y5).	Small group tuition has an average impact of four months' additional progress over the course of a year. Small group tuition is most likely to be effective if it is targeted at pupils' specific needs. Diagnostic assessment can be used to assess the best way to target support.(EEF +4) Small group tuition EEF (educationendowmentfoundation.org.uk)	4
Interventions across all year groups to support literacy and numeracy learning and those to promote communication and language.	Teaching assistants can provide a large positive impact on learner outcomes, however, how they are deployed is key. (EEF +4) Teaching Assistant Interventions EEF (educationendowmentfoundation.org.uk) On average, oral language approaches have a high impact on pupil outcomes of 6 months' additional progress. It is important that spoken language activities are matched to learners' current stage of development, so that it extends their learning and connects with the curriculum. (EEF +6) Oral language interventions EEF (educationendowmentfoundation.org.uk)	1, 4
Chexs growth programme. Mentoring through the mental health lead and key adults.	Social and emotional learning approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year. (EEF +4) Social and emotional learning EEF (educationendowmentfoundation.org.uk)	3
Activity and resources to meet the specific	Funding for Speech and Language Therapist to address and advise on pupils' needs. On	2, 3

<p>needs of disadvantaged pupils with SEND.</p>	<p>average, oral language approaches have a high impact on pupil outcomes of 6 months' additional progress. It is important that spoken language activities are matched to learners' current stage of development, so that it extends their learning and connects with the curriculum. (EEF +6)</p> <p>Oral language interventions EEF (educationendowmentfoundation.org.uk)</p> <p>Social and emotional learning approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year. (EEF +4). Targeted support has a greater impact than universal approaches (EEF+6) Social and emotional learning EEF (educationendowmentfoundation.org.uk)</p>	
---	---	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 24624.75

Support worker (£4886) Curriculum enrichment (£10,000), Forest School (£5250) Counselling (£4488.75)

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Engaging with families to support emerging needs.</p> <p>Funding for Pastoral Support Workers.</p>	<p>Parental engagement has a positive impact on average of 4 months' additional progress. It is crucial to consider how to engage with all parents to avoid widening attainment gaps. Consider what support you can give to parents to ensure home learning is of high quality. For example, providing practical strategies with tips, support, and resources to assist learning at home. Offering more sustained and intensive support where needed (EEF+4)</p> <p>Parental engagement EEF (educationendowmentfoundation.org.uk)</p>	<p>2, 3, 5, 6</p>
<p>Interventions to promote well-being and pupils SEMH needs, including forest school, lego therapy, nurture and</p>	<p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g improved academic performance, attitudes, behaviour and relationships with peers). Social and emotional learning</p>	<p>3</p>

<p>access to the school counsellor.</p>	<p>approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year. (EEF +4). Targeted support has a greater impact than universal approaches (EEF+6) Social and emotional learning EEF (educationendowmentfoundation.org.uk)</p>	
<p>Activities to enhance the curriculum and provide wider learning experiences. To ensure PPG children have access to educational visits and extra-curricular activities</p>	<p>Children who are exposed to wider learning experiences have a better understanding of the world. Increased exposure to opportunities allows for higher aspirations. Remove finance or practical reasons as a barrier to experiences. Without this funding, the majority of our PPG children would not be able to experience enriched curriculum experiences, extra-curricular activities or residential or educational visits.</p> <p>There is a small positive impact of physical activity on academic attainment (+1 month). While this evidence summary focuses on the link between physical activity and academic performance, it is crucial to ensure that pupils have access to high quality physical activity for the other benefits and opportunities it provides. There is some evidence that involvement in extra-curricular sporting activities may increase pupil attendance (EEF +1) Physical activity EEF (educationendowmentfoundation.org.uk)</p> <p>Arts participation approaches can have a positive impact on academic outcomes in other areas of the curriculum. (EEF +3) Arts participation EEF (educationendowmentfoundation.org.uk)</p>	<p>6, 5</p>
<p>Monitoring attendance and support.</p>	<p>Half-termly meetings with focus on PPG attendance and punctuality. Approaches to raise attendance are supportive and in line with DFE guidance. Support is tailored to individuals.</p>	

Total budgeted cost: £97708.75

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

PPG funding has been spent in a targeted way to ensure success for our most disadvantaged pupils and promote ambitious aspirations for all.

Evaluation of academic outcomes and access to learning experiences have identified the below strengths:

- Our disadvantaged pupils are making similar progress from their starting points, as non-disadvantaged.
- Pupils have had equality of access to and enhanced curriculum provision promoting best outcomes for all.
- Targeted pastoral support has enabled the children to have targeted support focused on wellbeing, resilience and aspirations. This has prepared Y6 pupils well for the transition to secondary school.
- Feedback from the PP children is that they enjoy school.

The previous Pupil Premium Strategy, which ended in July 2023, was extremely effective in supporting our most disadvantaged pupils. Monitoring and evaluation indicates that over 60% of PPG have achieved age related expectations. Those who have not achieved ARE have made good progress and been well supported if they have additional SEND or social and emotional needs. PPG pupils have had equality of access to support with focuses to plug gaps created by the COVID-19 pandemic being successful.

Attainment at the end of KS2 2023			
No in cohort = 30 No of PPG = 10	Y6 % of all pupils at EXS+	Y6 % of disadvantaged pupils at EXS+	National other working at EXS +
% at EXS+ in reading	69.3%	60%	77.6%
% at EXS+ in writing	80%	70%	76.8%
% at EXS+ in maths	83.5%	80%	78.5%

Desired outcome A: To boost the proportion of KS2 pupils reaching EXS+ in Reading and Writing

Success criteria: at least 80% of PPG KS2 pupils reach EXS

60% of PPG pupils reached EXS+ in reading, this is in line with national figures for disadvantaged pupils. 20% of disadvantaged pupils reached the higher standard in reading. 70% of PPG pupils reached EXS+ in writing. Attainment of disadvantaged pupils in both reading and writing is lower than targets. Targets set for PPG pupils were aspirational; all PPG pupils made good progress, with some PPG pupils narrowly falling short of the reading paper pass mark. There is a 15% gap between disadvantaged and non-disadvantaged attainment in both reading and writing.

Desired outcome B: To maintain the proportion of KS2 pupils reaching EXS+ in Maths

Success criteria: at least 80% of PPG KS2 pupils reach EXS

80% of PPG pupils reached EXS+ in maths, achieving this aspirational target. This attainment is in line with the national attainment for non-disadvantaged (78.5%). Within Longlands cohort attainment was close to non-disadvantaged (85%) with the gap between disadvantaged and non-disadvantaged at only 5%. 20% of disadvantaged pupils achieved the higher attainment standard in maths.

Desired outcome C: To increase the proportion of PPG pupils securing EXS+ in Reading and Writing and Maths

Success criteria: at least 80% of PPG KS2 pupils reach EXS

60.0% of the 2023 disadvantaged pupils were working at or above the reading, writing and maths EXS+ standard. This is lower than the percentage targeted, reflective of the aspirational targets we have for all pupils. The percentage of disadvantaged pupils that secured EXS+ in Reading and Writing and Maths for Longlands is above the average outcomes for disadvantaged pupils Hertfordshire (36%) and nationally (44%). The gap in attainment between disadvantaged and non-disadvantaged was 5% with 65% of non-disadvantaged pupils working at or above the reading, writing and maths EXS+ standard.

Desired outcome D: To maintain the proportion of PPG children making good or better progress in Reading, Writing and Maths across KS1/2.

Success criteria: 100% of PPG children will make expected progress in Reading, Writing and Maths in Years 1-6

Internal data demonstrates that PPG pupils are making expected progress, they are given every opportunity to achieve in-line with their peers. Discussions at PPMs and focused grouping has allowed highly targeted, quality first teaching with a strong emphasis on differentiation and the achievement of personal targets. Intervention groups have been well planned and supported pupils to plug gaps. The current systems of bespoke targeted interventions works well and along with quality first teaching secures progress that is at least good for all pupils including those in receipt

of PPG. Immediate feedback and marking allows children to make accelerated progress.

Data analysis shows that increasing the number of children making good or better progress is a whole school target. Focusing on pupils eligible for the PPG will ensure that they are given every opportunity to achieve in-line with their peers.

Focused grouping will allow highly targeted, quality first teaching with a strong emphasis on differentiation and the achievement of personal targets.

Intervention groups will, and address any areas of misconception rapidly.

Immediate feedback and marking allows children to make accelerated progress.

Desired outcome E: To increase the proportion of KS1 pupils reaching the required standard for Y1 Phonics Screening Check.

Success criteria: 90% of pupils achieve the required standard (including those who are PPG)

Little Wandle - Letters and Sounds Revised has been successfully embedded. All staff have received training to implement this phonics programme. Regular assessment and review of pupils' progress have allowed for plans to be made to plug gaps in phonics knowledge. Short regular keep up and catch up phonics sessions have taken place in addition to quality first teaching. Additional advice and support has been sought from HFL education and the HIP. Monitoring has taken place and actions worked on to strengthen practice across the school. 97% of Y1 pupils passed the phonics screening in June 2023, 100% of PPG pupils passed the phonics screening test in Y1.

Desired outcome F: Provide support for families through the Family Support Worker so that parents engage and work in partnership with the school. The children express their feelings and emotions through counselling, nurture club, Forest School, Music Therapy, Lego therapy sessions and social skills sessions. Further engage parents through the use of Marvellous Me.

Success criteria: Pupils emotional needs are met, they develop their communication skills so they are able to express when they are feeling anxious or worried. Concentration levels are increased and pupils are able to cope with the demands of the curriculum.

Targeted social and emotional support has been available to those eligible for PPG and their families. A Family Support worker (from CHEXS) has provided targeted and bespoke support to children and families through individualised support and group workshops. The Family Support Worker has an integral role within building home/school relationships. The annual Chexs impact report shows pupils and parents benefitted from the support received, 100% of parents surveyed felt supporting during working with CHEXs. Pupil impact quote, "I've enjoyed talking to CHEXS because they have helped me with my confidence and it is fun."

Specialist provision such as forest school, music therapy, lego therapy and nurture groups have been run to support pupils with emotional, social and/or behavioural difficulties allowing them to maximise their efforts on learning in the classroom. Play therapy has been used to target individual pupils with more complex SEMH. Pupils have all made progress from individual starting points. Zones of regulation has continued to be used as a whole school approach to enable pupils to understand and articulate their feelings and emotions.

Desired outcome G: To ensure that systems are in place to support good attendance for PPG pupils

Success criteria: Attendance for PPG pupils is at national average and is in line with their peers.

There is not a statistically significant difference in attendance for PPG pupils (93.8%) in comparison to non PPG pupils (94.3%). Both groups are slightly below the target of 96% and attendance will continue to be a focus area for improvement as part of the 2023-26 PPG strategy. 24 pupils ended the academic year (2022-23) as persistent absentees 8 (33%) of these were disadvantaged pupils.

Systems in place to improve attendance were effective, with reasons for non-attendance being established immediately. Regular monitoring of attendance allowed actions such as sending letters, liaising with the AIO, inviting parents in for meetings to be planned to work with families to improve attendance.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
Forest school	Be free forest school
Play therapy	Safe Space
HFL education: Teaching and Learning Advisor consultancy	HFL education
Music Therapy	Emma Philipson
Little Wandle Phonics	Little Wandle
Growth Programme	CHEXs
