

Maths: Use a 100 square or virtual one
(<https://www.topmarks.co.uk/learning-to-count/paintthe-squares>) and practise counting on and back from any number.
E.G I have my finger on number 23, can you count on? (24,25,26)

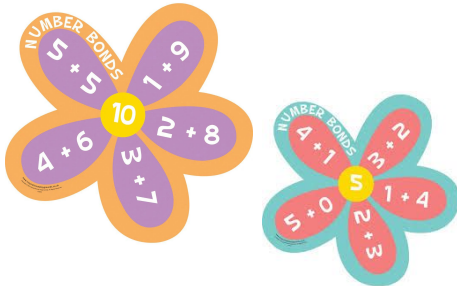

Science: (Linked to our topic -Animals).
Can you draw your favourite animal and label it? (wings, beak, fur etc)

Can you create an animal from your hand print (painted or cut on card)?

Creative: (Linked to portraits)
Draw a portrait of someone at home. You can use any pens, pencils, paints or collage!

Maths:
Create a poster showing the number bonds to 5 and 10 (example below)

Literacy:
Write a list of the things you can see in your bedroom.
Use your phonics to spell each word.

Literacy: Write 5 sentences about this picture. They can be short sentences e.g. I can see a boy. The girl is smiling.
