Year 6 Creative Homework **Autumn 2**

Science

1. Create a set of top trump cards showing the nutritional value of a variety of food from the different food groups. Find the information on packets and food labels. Include 6 categories including: fat, protein and carbohydrates.
2. Produce an exercise programme designed for an 11 year old.
3. Create a 3D model of a nutritionally balanced meal on a plate.

Maths

Log on and do Timetable Rockstars

Geography - Our Geography topic for this half term is the Rainforest.

1. Create a rainforest themed collage.
2. Complete an observational drawing of a plant or natural object – remember to shade and tone, or add colour
3. Create a poster depicting the layers of the rainforest and the species that can be found there.

Literacy

1. Research an animal found in the Rainforest and write a fact file – remember to organise your information into different sections, using subheadings.
2. Create a visitor information brochure for a Rainforest of your choice.
3. Imagine you are in the Amazon Rainforest and write a free-verse poem based around this experience. Use your senses, make creative language choices; your poem can even depict a journey through the landscape.

Complete the Mathletics activity and chose a Literacy, Science and Geography task to complete too.

Homework is due in the week of the 7th December and will be shared with your class and others!
